

**Governing Council
Sixty-fifth Session**

GC/65/Inf.Doc. No.3
English only

*Lyon, 10–12 May 2023
Nouveau Centre Auditorium*

**Voluntary Contributions Account
for the period 1 January to 31 December 2022
(expressed in euros)**

1. The voluntary contributions account has been recorded on accrual basis according to the International Public Sector Accounting Standards (IPSAS).
2. The **opening balance as at 1 January 2022** is the fund balance carried forward from 2021.
3. **Revenue** reflects the revenue recognized in the reporting period. Revenue from designated voluntary contributions is recognized in the Statement of Financial Performance in the period when agreement is signed, while funds due in the future period are presented in the Statement of Financial Position as deferred revenue. Revenue from undesignated voluntary contributions is recognized upon receipt of cash.
4. **Interest earned** is 2022 interest income apportioned to the designated voluntary contributions as per the conditions specified in the signed agreements and the standing authorization granted by the Governing Council in its Resolution GC/55/R23.
5. **Expenses** are recognized based on the “delivery principle”, i.e. when goods have been received or services have been rendered, with IARC assuming title or satisfactory receipt over the goods or services.
6. The net of opening balance, income, interest earned, and expenses is the closing fund balance as reported in the Financial Statement as at 31 December 2022.
7. The balance in the last column reflects the fund balance taking into consideration the funds committed by donors based on the signed agreements due in future periods.
